| <b>11</b> | <b>Wild Polly</b>      | <b>■</b> <b>Jump / Flow line</b>             |

**Important Notice for Park Users:**  
**Pedal assist E-Bicycles are welcome at Awaba Mountain Bike Park.**  
 Defined as a Bicycle that can be pedalled under human power alone, as well as pedalled with the assistance of a battery-powered electric motor with NO independent throttle control, a maximum 250w output and limited to 25 KPH while active.

As the Land Managers, The Hunter Mountain Bike Association aims to provide, maintain, and promote an environment suited to Mountain Biking for all ages and abilities in a cohesive manner. Please respect that these trails are built and managed predominately by volunteers from the Mountain Bike community.
